

Research Vocabularies

Documentation Home

Welcome to the Research Vocabularies Australia documentation page.

Explore how to become an RVA publisher, understand how to use the RVA editor (PoolParty), get familiar with the RVA-related widgets and APIs and find out what changes have been implemented, scheduled or planned. As a researcher, learn how to use RVA portal for searching and reusing controlled vocabularies, be notified of changes to specific or all vocabularies and learn how you can provide feedback on a vocabulary.
